David Funnell's Cherry Tree Pet Crematorium

A FAMILY BUSINESS

Kent countryside / Since 2000

Memorials & keepsakes

A personal way to remember.

Our family. Here for yours.

A family, a field, and a belief that every goodbye deserves care.

David and Sheila founded Cherry Tree in 2000. Joseph joined the family business in 2015, continuing the same personal approach.

Care, from one family to another.

Cherry Tree began when David and Sheila sold their home and bought 12 acres in the Kent countryside. Their aim was to create a more personal, respectful place for families to say goodbye.

Today, our family and team continue that care: welcoming you gently, listening to what matters, and treating every pet with dignity and respect. From the first conversation to the keepsake you take home, the details matter to us.

Our story

A family business, built with care.

2000

Founded

David and Sheila sold their home and bought a 12-acre plot of land, beginning the work that would become Cherry Tree.

September 2000

Planning permission granted

After a difficult planning process, permission was granted to build the crematorium on what had been a field.

July 2006

A home is built

The family built their home at Cherry Tree, allowing them to dedicate their care and attention to the families who visit.

October 2008

A welcome reception

The converted stable reception was replaced with a warm, welcoming reception room and office.

2015

Joseph joins the family business

Having grown up at Cherry Tree, Joseph joined the business and began adding new personal touches to the experience.

2020

An extra personal touch

The introduction of laser engraving brought new ways to create personal memorials and keepsakes.

October 2020

End-of-life facility

Cherry Tree introduced a tranquil surgery, operated by Laura from Time 2 Say Goodbye, with a warm, home-from-home setting.

Pet keepsakes

Fur Cutting

A small keepsake of your pet's fur, returned in a glass memory vial. Discreetly taken once your pet is in our care. Taken with care to ensure your pet's appearance remains unchanged.

Clear glass vial with natural wooden cork. Returned in a soft drawstring bag. Must be requested in advance or at time of your appointment. One vial included as a complimentary keepsake.

Additional vials available (£2 per vial).

Dimensions: Approx. 24.5cm (W) × 18cm (H) × 3cm (D).

Notes: Must be requested prior to cremation or during your visit.

Scattering

Bluebell Wood Scatter Tube

£24

Bluebell wood scatter tubes are our most popular scattering option and are included with our smallest individual cremation charge. Inspired by the peaceful beauty of an English bluebell woodland, this biodegradable scatter tube offers a natural and dignified way to scatter, bury, or keep your pet's ashes. Made from over 90% recycled materials, the Bluebell Wood Scatter Tube is designed to be simple to use, environmentally friendly, and suitable for a wide range of memorial choices.

Made from over 90% recycled materials. Fully biodegradable and environmentally friendly. Designed for gentle and controlled ash scattering. Removable outer lid with perforated inner seal.

Suitable for scattering, burial, or keeping at home. Can be buried safely in the ground. Can be placed inside a large plant pot as a living memorial. Suitable to be kept indefinitely if you are not ready to scatter.

Included with our lowest Individual Cremation price.

Options: Available in six different sizes. Most appropriate size selected automatically following individual cremation. Specific sizes can be requested in advance.

Dimensions: Diameter ranges approximately from 5cm to 13.1cm (size dependent).

Notes: Suitable for garden burial or placement within a plant pot. Plant pot option allows families to move their pet's memorial with them if relocating.

Suitable for water scattering, but not for water burial by submersion. Local permissions may be required for scattering on private or public land.

SeeYou memorial jewellery

Jewellery with a personal story.

A family tradition

The Leurs family's jewellery business began in Panningen, Holland, in 1946. Rob Leurs opened his own shop with his wife Marion in 1983 and introduced the SeeYou memorial jewellery collection in 2008.

Rob is the founder and designer. Marion helped establish the business and brings her experience in jewellery styles and trends. Their daughter Claire joined SeeYou in 2014, working on distribution and business development.

Made here, with care

Handcrafted in-house at Cherry Tree.

Cherry Tree has offered SeeYou Memorial Jewellery for over 10 years. Training to create each piece in-house means your pet's ashes never need to be sent away to a third party.

Each piece is personally handmade at Cherry Tree by Joseph Funnell. He mixes each resin colour by hand and carefully places the ashes into the jewellery, before sealing them beneath a clear resin layer. This often creates a delicate mosaic-like effect.

Because each colour is individually mixed and each piece is assembled by hand, every memorial is personal and one of a kind.

Acorn memorial jewellery

Solid sterling silver, filled in-house.

Our Acorn Memorial Jewellery collection offers a beautiful way to keep your beloved pet close, in a piece that can be worn every day. Each pendant is solid 925 sterling silver and hallmarked by the British Assay Office, designed to be tasteful, discreet, and comfortable to wear. At Cherry Tree, these pendants are filled in-house with your pet's ashes. Each design is hollow inside and secured with a screw-top fitting, allowing us to place as much ash as possible into the pendant itself. Once filled, we apply a small amount of thread-locking compound (Loctite) to the thread before sealing, giving families extra peace of mind that the pendant will not come loose. Every pendant comes complete with an 18" Prince of Wales sterling silver chain with a rhodium finish to help reduce tarnishing, and is presented in a luxury presentation box.

Acorn necklaces

Laser engraving

Created in-house, with care.

Making special tributes even more personal.

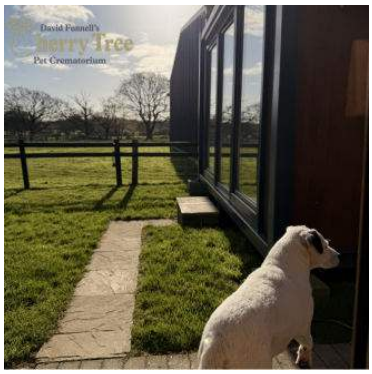

Our in-house laser engraving department can help create a design that reflects your pet's personality and the bond you shared, from simple lettering to a bespoke tribute.

Engraving can be added at any time; it does not need to be chosen on the day of cremation. We will guide you through the options and confirm the details before engraving begins.

We can engrave most materials, including wood, slate, plastics, coated materials, and many memorial plaques and accessories. Please ask us whether your item is suitable.

Engravings may be left natural or finished in natural brown or black. The service began with Jonathan's interest in laser engraving at school, and Joseph developed it into a personalisation service for families.

Your engraving design

A name, a photograph, a memory.

How the design process works

1. Download the Laser Engraving Design Guide from our website.

2. Choose the template for your wooden casket or tribute frame, or use the blank template for another item.

3. Mark where you would like the text, your pet's paw prints or a photo engraving. Photo backgrounds can be removed where possible.

4. Choose your finish colour and font style, then email your completed design to us.

Font options: Plantin MT Pro and Monotype Corsiva. Brass plaques use Mongolian Balti.

Finish options: black or brown.

If you are unsure about any part of your design, we will guide you and confirm details before engraving begins. Proofs are available where needed, especially for photo and paw-print engravings.
