# ABOUT US

## DAVID & SHEILA FUNNELL

Cherry Tree began as a dream, a family, and a field in the Kent countryside. In 2000, David and Sheila Funnell sold their home to buy 12 acres of land and began the long, stressful process of gaining planning permission to build something truly special. Against the odds and despite strong local opposition they kept going with determination, pride, and a belief that families deserved a more personal, respectful place to say goodbye. From the beginning, Cherry Tree has been built on compassion, dignity, and doing things properly. Today it remains a family-run crematorium, rooted in the same values it started with: to care for every pet as if they were one of our own, and to welcome every family with kindness when they need it most.

## JOSEPH FUNNELL

I've grown up at Cherry Tree, moving here when I was just three years old. Animals have always been at the heart of my life. From befriending wild animals as a four-year-old to the point they would follow me around to being blessed with my first Jack Russell, Tea, that bond has shaped who I am today.

Officially joining the family business in 2015, I've focused on making the experience even more personal and comforting for every family who visits us. From the smallest details in reception to new ways of creating lasting keepsakes, my aim has always been the same: to ensure every pet is treated with total respect, and every owner feels supported, listened to, and looked after from the moment they arrive.

## OUR PRECIOUS TEAM

Cherry Tree wouldn't be what it is without our wonderful team. They are the people who answer the phone with care, greet families gently, and work tirelessly behind the scenes to ensure everything is handled with dignity and respect. We're proud to be trusted by families and veterinary practices across Kent, and that trust is earned every day through the dedication of the people around us.

*Ann Saunders*

*"Losing a loved member of your family is so hard but Cherry Tree and the amazing vet that came to our home were so supportive. It made it so much easier"*

*Keith, Lorraine & Sami Martin*

*"You are amazing in more ways than you know !!"  
"The world is a better place with people like you in it."*

# OUR HISTORY AT

## 2000

### Founded

Cherry Tree Pet Crematorium was founded in early 2000 when we, David & Sheila Funnell decided to sell our home. We went on to buy a 12 acre plot of land which would mark the beginning of a tiresome battle of blood, sweat and tears to create the Cherry Tree that we know today.

## SEPTEMBER - 2000

### Planning Permission Granted

What makes Cherry Tree such a special place to live and work in, is that 20 years ago it was just a field. First, we started the long process of gaining planning permission for our crematorium. This was a stressful period for us and our family, but having already sold our home, we had to battle on. This was a huge day for us as a family and a massive step into making Cherry Tree what it is today.

## JULY - 2006

### A Home is Built

A long-standing dream of ours was to build our own house. Not only that, but living at Cherry Tree meant that we could give our complete dedication and care to our wonderful clients at any hour of the day.

## OCTOBER - 2008

### A Welcome Reception

Big history was made at Cherry Tree Pet Crematorium when we upgraded from our initial converted stable reception room. It was a much needed upgrade, not just for our clients but also for the office, which went from a leaky back room to a warm and inviting office and home to our many dogs.

## 2015

### Joseph Joins the Family Business

Joseph, our son, has always been a part of Cherry Tree; moving here at just 3 years old and being the face of our brochure by the age of 4. He has always had a huge love for the animal kingdom, from befriending and swimming with wild ducks, to making his dad carry out individual cremations for wild birds. Joseph has made some lovely improvements and special touches to the overall experience people have when they visit Cherry Tree.

## 2020

### An Extra Personal Touch

Joseph has always wanted to further personalise the Cherry Tree Pet Crematorium experience that we offer to all of our clients. Near the end of 2020 he introduced our laser engraving machine. This has transformed a lot of what we do on a day to day basis and has added some really special touches that our clients love.

## OCTOBER - 2020

### End of Life Facility

We introduced our new end of life facility. This new side to Cherry Tree specialises in peaceful euthanasia either at home, or in our new tranquil surgery. We believe the way euthanasia is carried out and perceived is long overdue a rethink. That's why our new surgery, operated and run by Laura from Time 2 Say Goodbye, is warm, welcoming and a home from home for our clients.

# SEE YOU MEMORIAL JEWELLERY

## See You

### JEWELRY

His son Rob Leurs, educated in jeweler's craftsmanship both in Holland and abroad, opened up his own shop with his wife Marion in 1983. Rob introduced his designs for See You Jewelry in 2008, the unique line that was honored in winning the International Funeral Award. Rob and Marion's daughter Claire began working as the sales manager for See You Jewelry in 2014, overseeing business development and distribution to over 600 dealers. See You jewelry is now available in Holland, Belgium, Germany, England, Scotland, Wales, and Ireland, USA, Czech Slovakia, Poland and Denmark.

It all began in 1946, when Mr. Leurs Sr. started his own jewelry store in a small town called Panningen in the south of Holland, working as the neighborhood watchmaker and clockmaker. And over the decades that followed, the family business of Leurs Jewelry vastly expanded.

## ROB

### Founder, designer

Rob began his career as a jeweler in 1979, started his business in 1983 with his wife Marion, and designed and produced See Jewelry beginning in 2008.

## CLAIRE

### Chief Operating Officer, Co-Owner

Claire joined See You Memorial Jewelry in 2014, overseeing distribution to all the dealers in the Netherlands, and assists Rob in business development and international expansion.

## MARION

### Founder, Lead sales advisor

Marion worked with Rob to open up their store in 1983, contributing her fashion-forward insight into styles and trends as the lead sales advisor.

# SEE YOU MEMORIAL JEWELLERY

## Handcrafted In-House at Cherry Tree

Cherry Tree has proudly offered the SeeYou Memorial Jewellery range for over 10 years, after meeting founder Rob Leurs and seeing his innovative approach to ash jewellery. What made the range such a perfect fit for us was not only its beauty, but the fact that Cherry Tree could be trained to create each piece in-house. This means ashes never need to be sent away to a third party, allowing us to guarantee that the ashes used are 100% your pet's ashes.

Each SeeYou piece is now personally handmade at Cherry Tree by Joseph Funnell, who mixes every resin colour by hand and carefully places the ashes piece by piece into the jewellery. These are then sealed beneath a clear resin layer, often creating a delicate mosaic-like effect.

Because each colour is individually mixed and each piece is assembled by hand, every memorial is completely bespoke, personal, and one of a kind.

## Resin Colour Chart

## Optional Glitter Dust

Please Note: Colours are mixed by the Cherry Tree team and may differ from the colours shown above.

# ACORN MEMORIAL NECKLACES

Our Acorn Memorial Jewellery collection offers a beautiful way to keep your beloved pet close, in a piece that can be worn every day. Each pendant is solid 925 sterling silver and hallmarked by the British Assay Office, designed to be tasteful, discreet, and comfortable to wear.

At Cherry Tree, these pendants are filled in-house with your pet's ashes. Each design is hollow inside and secured with a screw-top fitting, allowing us to place as much ash as possible into the pendant itself. Once filled, we apply a small amount of thread-locking compound (Loctite) to the thread before sealing, giving families extra peace of mind that the pendant will not come loose.

Every pendant comes complete with an 18" Prince of Wales sterling silver chain with a rhodium finish to help reduce tarnishing, and is presented in a luxury presentation box.

## Acorn Cross Necklace - £130

# LASER ENGRAVING DEPARTMENT

*Making special tributes even more personal.*

Our in-house Laser Engraving Department is here to make special tributes even more special. Whether you'd like something simple and timeless, or something completely bespoke, we can create a design that reflects your pet's personality and the bond you shared.

Laser engraving can be added at any time; it doesn't have to be chosen on the day of cremation. We're always happy to guide you through the options and confirm everything with you before engraving begins.

## What We Can Engrave:

We can engrave on most materials, including:

- Wood (caskets, frames, keepsakes).
- Slate.
- Plastics & coated materials.
- Many memorial plaques and accessories.

(If you're unsure whether an item is suitable, just ask, we'll always advise.).

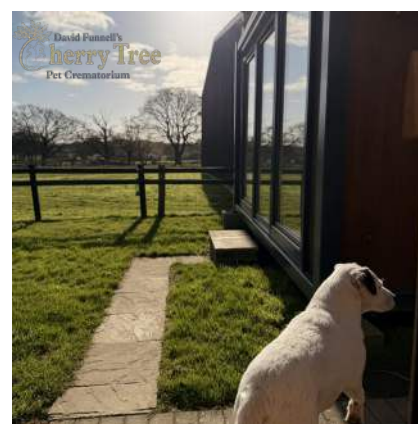

## Finish Options:

Most engravings are either left natural, or sprayed to make them stand out more clearly:

- Natural Brown (Wood Effect).
- Black.

## A Personal Story

The laser department began as a family passion inspired by David's son Jonathan, who first explored laser engraving through design and technology at school. From there, Joseph quickly learnt the craft and developed it into a service we could offer families, giving you the option to create something truly personal and one-of-a-kind.

# LASER ENGRAVING DESIGN PROCESS

## How the Design Process Works

1. Download our Laser Engraving Design Guide from our website.
2. Choose the template that matches what you'd like engraved:
  - Wooden casket.
  - Tribute frame.
  - Blank template for anything else.
3. Mark out where you'd like:
  - Text (name, dates, message).
  - Paw prints (your pet's own).
  - A photo engraving (background removed where possible).
4. Choose your finish colour and font style.
5. Email the completed design to us and we'll take it from there.

## MILLIE PARK ART

### *Where memories become masterpieces*

A hand-drawn portrait is a timeless way to celebrate your pet's life and keep their memory close. Millie Park creates beautifully detailed, lifelike portraits that capture the unique expression and personality of each companion, a heartfelt keepsake to treasure for years to come.

Millie is based in the nearby village of Rolvenden and has been a friend of Cherry Tree for over 15 years. Growing up around animals and horses, she developed a deep love for the natural world and an exceptional eye for detail.

What began as portraits for friends and family including Joseph's own Jack Russell, Fergie has grown into a stunning body of work. Her drawings feel almost photographic, while remaining unmistakably hand-drawn and full of warmth.

Portraits start from: £245 for a mounted A4 commission.
