

Laser Engraving Department Design Guide

This document has been created to help both the Cherry Tree team and our wonderful clients come up with a meaningful design for laser engraving.

Our Laser Engraving Department has been a welcome addition here at Cherry Tree, allowing us to offer truly personal, one-of-a-kind tributes. Whether you already have a clear idea in mind or would like some gentle guidance, the templates and examples within this guide are here to help.

By using this document, we can work together to achieve a design that feels right for you and creates a tribute that is truly special.

Front Face of the Wooden Casket

Please can the front of Twink's casket be engraved with photos, her own paw prints and wording. All finished in **BROWN**.

Photo of Twink
 No background.

We Love You

TWINK
*You Will Remain
 In Our Hearts For A
 Lifetime.
 2008 - 2025*

Explanation

On the front of the casket we would like as drawn on the left with Twink's photo laser engraved (without a background) on the left of the casket. Twink's own paws then to climb the casket to the right of the photo. Then "We Love You" centred and underneath both the photo and paw prints in the font Monotype Corsiva. On the left of the casket the wording "TWINK" in Mongolian Balti and underlined with your fancy underline. Then the wording "You Will Remain In Our Hearts For A Lifetime. 2008 - 2025" in the font Monotype Corsiva all finished in **BROWN**
